Summer Camp 2008

*****Bring this brochure in for a FREE registration fee. *****

SUMMER CAMP

Hillcrest Day School has a fun-filled exciting summer camp program for 2008. We not only have our regular theme-based weekly units that incorporate lots of arts/crafts, dramatics and field trips, we also have a media center with playstations, Wii, and computer areas. In addition, we have an on-site pool with a certified life guard where we not only swim 4 days a week with the class, but offer swim lessons on sight. And as usual, we have an assortment of fun and exciting field trips that your child will love.

Our Campers will be divided into two age groups. Field trips and activities will all be done separately according to age groups. This allows all ages to enjoy a fun filled summer.

Ms. Lynn, who has been with Hillcrest 9 years and is our program coordinator is overseeing our School Age Summer Camp this year. Ms. Chelsi is also going to be working in our summer camp. She does such a wonderful job with these children year round and Mr. Kendrix who currently works with both TK and School Age will be working in our Summer Program. It's a great staff who all do a wonderful job with school age children.

Swimming Pool

(we swim 4x a week with the class and offer on-site swim lessons)
